

Parents,

Due to the ever-changing world of the Internet, the Stillwater Youth Center is now requiring all Youth to have a permission form signed by a parent or guardian in order that the Youth be allowed to use the internet on the SYC computers.

The computers at the SYC are protected by an internet filtering software that blocks access to any website that would be considered harmful to the youth. They do, however, have access to sites like Facebook, MySpace, and other websites where they can chat with their friends.

If you give your youth permission to access these sites then please fill out the form below and have your youth return it to the SYC. They will not be allowed on or near the computers until they have returned this form.

Thank You,

Jesse Crane
Director of Ministry, SYC
