Spring 2020

TO OUR AMAZING DONORS

JUSTIN WAYLAND, DIRECTOR OF MINISTRY

We have all found ourselves in the midst of unprecedented times. People's reactions have been all over the map but it is our prayer that the peace of God that transcends all understanding will blanket you and your families during this time. For the past 25 years Stillwater Youth Center, with your help, has been a place where youth and families have gathered and experienced the love of Christ. Thousands of lives have been affected as God has used your generosity to create and sustain a loving and supportive atmosphere, filled with opportunities to encounter the Living God. Whether one is just dropping in for some friendly conversation, to participate in one of our Bible Studies, to shoot hoops, or a game of pool; the heart behind this special place is obvious, to love our neighbors!

This heart has not changed with the recent pandemic. Despite having to temporarily modify our approach we have continued to find ways to act on our mission. During the first two weeks of school closures we were able to partner with Columbus Schools by assisting with and providing a place for the emergency school lunch program until bureaucratic red tape could be cleared up so they could provide meals from the school again. We also have shifted several of

our Bible Studies (both youth and adult) over to interactive online formats so we can continue to connect and disciple those we serve. Endless hours have been spent on the phone, and in various video conferencing setups just so we can be an encouraging voice and a listening ear. God has multiplied all these efforts, and in an amazing twist, we have actually increased attendance in some of those Bible Studies in recent weeks.

We know the current situation will not go on forever, but are convinced that as it comes to a close, people will emerge with more needs, more questions and more of a desire to connect than ever before. There are unparalleled opportunities waiting for Stillwater Youth Center to expand in reach, creativity, and effectiveness. If you have been blessed during this time with the ability to still give, please continue to partner with us to love our community on a higher level. With your help, Stillwater Youth Center won't just survive this pandemic we will thrive in its midst.
